

Business Information for Due Diligence

Dalvori Energy is developing Russian-origin LPG supply projects. This profile presents our business activities, the registration and banking details of the contracting party, and contact information for commercial discussions.

01 Registration and Identity

Field	Details
Business name	Dalvori Energy
Contracting party	Individual Entrepreneur Daniil Evgenievich Sorokin
Country of registration	Russian Federation
Date of registration	3 July 2026
Tax ID (INN)	504039600378
State Registration Number (OGRNIP)	326508100391842
Registration authority	Interdistrict Inspectorate of the Federal Tax Service No. 23 for the Moscow Region
Tax office	Interdistrict Inspectorate of the Federal Tax Service No. 7 for the Moscow Region

02 Banking Details

Field	Details
Account holder	The contracting party identified in Section 01
Bank	Sberbank PJSC (ПАО Сбербанк)
Account number	40802810240070054905
Russian domestic bank code BIK	044525225
Bank correspondent account	30101810400000000225
Bank INN / KPP	7707083893 / 773643002

Payment currency, payment instructions and the availability of an international settlement route are subject to separate agreement and confirmation by the relevant banks.

03 Business Activities and Cooperation

Principal registered activity OKVED: 47.91.2 — retail trade conducted directly via the Internet

Dalvori Energy focuses on sourcing propane, butane and propane-butane mixtures, negotiating commercial terms and coordinating logistics in response to buyer enquiries.

The supplier, product specification, volume, loading port and shipment schedule are agreed for each transaction after the relevant confirmations have been obtained.

04 Supply Parameters for Discussion

Field	Details
Minimum requested parcel	10,000 metric tonnes
Regular supply enquiries	20,000–40,000 metric tonnes per month or more by agreement
Larger contract programmes	Up to 250,000 metric tonnes in separate parcels under an agreed schedule
Delivery basis for discussion	FOB an agreed Russian port, Incoterms 2020, with loading onto the buyer's LPG carrier

These volumes describe the scope of enquiries considered. Product availability, terminal acceptance, vessel compatibility and loading dates require confirmation by the supplier and terminal. Other delivery arrangements may be discussed separately.
